Berlin's hardcore punk scene's new darlings **War with the Newts** have been hurling and whirling across stages since 2016, leaving behind a trail of happiness and destruction. For the last two years Juan Alberto, Alex and Kostia have toured, recorded, screamed and raged all across Germany and have now forced this chaotic energy into their debut album **Muerte miñ Amour**.

The three piece melt their different roots - Kostia has a Ukrainian background, Juan Alberto is from Spain and Alex came from France - and their shared anger and frustration about the world into the most intense and ass-kicking hardcore punk rock to come out of Berlin's music scene in years.

In November 2016 Juan Alberto, Alex and Kostia started rehearsing in Berlin and in March 2017 they published their debut EP **Dead Eyes**, followed by the single **Meat** (<http://y2u.be/10pWH4E6tl4>) in August 2017.

In November 2018 their debut LP **Muerte miñ Amour** was released on Bakraufarfitia Records, including the kick-ass pogo-anthem **Mösh Pit** (<http://y2u.be/DQhgSkWgZPM>).
